

KNIVES

Exclusive designs by Blackie Collins and Darrel Ralph make up our top-of-the-line HEAT and BLAZE series, you will not find a better made knife at the better price point anywhere. ATI is dedicated to bringing only top quality products to the marketplace, and ATI's blades are the perfect fit for the tactical knife market.

There are nine different models to choose from in black or silver blades, plain or serrated, including the exclusive BLAZE tanto. These models are the first offered from our partners in Spain and are marked accordingly.

We also offer the Military approved and patented 18 X Ray (featured on Mail Call). Last but certainly not least the patented all plastic (Zytel) Blackie Collins letter opener with Barillium Springs, great for campers, hikers and backpackers.
